'A Taste of Summer'

Instructions

Preheat oven to 180°C

- Remove lids from packing of new potatoes and the loaf of bread, place the foil container with the potatoes and the loaf of bread on an oven tray and heat for 5-8 minutes. Once hot, remove from oven and place items from containers on a serving plate or in bowl of your choice
- Once the new potatoes have been heated (see above) remove packaging from herb butter and put on top of new potatoes. Place in a serving dish
- For serving the poached salmon cold, remove from packaging, place on serving dish, squeeze lemon juice on top to taste
- For hot poached salmon, heat a medium sized saucepan $\frac{3}{4}$ full of water to boiling point, place the salmon IN THE BAG without breaking the seal into the boiling water for 4-5 minutes. Remove with tongs and open the bag to serve (be careful of the steam released when opening the bag as this can burn or scald). Place on a serving dish
- Remove packaging from lemon & fennel slaw & place in a serving dish, drizzle salad with creamy dill dressing
- Remove the strawberry & vanilla cheesecake from container and serve

ENJOY!
